

Nature's Farm®

OM-X Enzyme and Collagen

Introduction:

OM-X Enzyme & Collagen combines the fermented vegetable extract OM-X, high quality collagens and SAKURA EXTRACT. The selected quality collagens in type I, II, and III in our formula enhance your youthfulness and healthy daily life. The essential formula for keeping your skin moisture and restore youthfulness.

Uniqueness:

1. Collagen selected is the quality water-soluble low-molecular-weight fish collagen extracted from scales and skins of fish
2. One tube of Enzyme & Collagen contains 7,750mg of fish collagen and collagen tripeptide (CTP). CTO is a collagen smaller molecular-weight, highly purified, non-antigenic, low-allergic collage fraction
3. Infused with OM-X fermented vegetable extract to enhance collage absorption in intestine

Health Benefits:

- Improves dry skin
- Reduces the risk of Osteoporosis by Strengthening Bone Structure
- Highly Purified
- Non-antigenic
- Low-allergic Collagen Fraction
